

ABHIMANYU KHADWAL

'Constantly Creating'
www.hireabhimanyu.com

ABOUT ME

Experienced in ideation, working with teams and creating ideas, I am still never sure how to fill an 'About me column'. I am adept with design and art, and that has nothing to do with the fact that I had 'Arts' in 12th. And in the immortal words of every friend in history that has attempted to peer pressure you into smoking, "give it a shot".
